ORDERING FOR A PROJECT

How a trade order works

01

Send us the list

The designs and colours, how many of each, and the date you need them by. A floor plan or a photograph of the space helps.

02

We price the project

Trade pricing on the whole list, worked out for that project rather than read off a rate card.

03

Confirm and pay

You get one quote for everything. Prices, lead times and terms for your order are confirmed in it.

04

We deliver

Free standard delivery to mainland UK, in one go where we can, so you are not signing for chairs across a fortnight.

Worth knowing

- ✓ Most of our dining chairs and bar stools are sold as a set of two, so an even number is easiest to price and deliver.
- ✓ Most seating comes in a family of colours on a shared frame, so a room can be matched or deliberately mixed.
- ✓ Our product photography and descriptions are yours to use in a client presentation.
- ✓ We can stage a room virtually with the exact pieces you are proposing, so a client sees them in place first.
